

Bike to the Future Monthly Meeting

April 14, 2009 – 5:30 PM – Manitoba Eco-Centre

Minutes

Directors:

Present: Jackie Avent (meeting Chair), Karin Kliewer (minutes recorder), Rob Cosco, Curt Hull, Holly Poklitar, Dave Elmore, Mark Cohoe, Jeremy Hull

Regrets: Liz Erickson, David Wieser, Kevin Miller

Members:

Present: Brion Dolenko, Ben Goldstein, Tim Hunt, Bev Peters, Don English, Charles Feaver, Kelly Whelan-Enns, Anna Westlund, Lindsay McBain, Guy Madill, Janice Briggs, Marika Olynyk, Shannon Keyes, Gareth Simons, Michael

Regrets: Ted Mann, Shannon Keys, Ben Goldstein, Todd Andres

1. Minutes from the March Monthly Meeting

They are posted on our website. A link to them appeared in our April 1st e-newsletter sent to all members and supporters. See <http://biketothefuture.org/about/meetings>. Minutes were approved.

2. Kyoto Plus (Kelly Whelan-Enns)

Background: The Kyoto Plus campaign seeks to call the federal government to action on climate change, and to honour Kyoto agreements, and work on a strategy for work beyond Kyoto. Greenpeace would like to see a Bike Relay riding across Canada, and delivering a petition to Parliament Hill.

- Pledge forms were passed around; citizens' pledge and politicians' pledge. These are forms to take to local politicians
- Looking for volunteers or groups to bike from Regina to Winnipeg, and camp along the way. This would be as part of a cycling team, and plans are just beginning. Kelly's contacts are info@ManitobaWildlands.org, or (204)944-9593.
- If you don't want to bike, financial assistance is also welcome! Contact Kelly
- Suggestions on other connections: Winnipeg Cycletouring Club, Manitoba Cycling Association
- Kelly also handed out information about Manitoba Wildlands
- Online petitions and information about this campaign can be found at <http://www.kyotoplus.ca/en/petition.html>. Politician info is at <http://www.kyotoplus.ca/en/pledge-text.html>.

3. Winnipeg Cycling Map 2009 (Curt Hull)

This is at the printers' right now; rollout is on **Wednesday, April 22! Hooray!!**

- Paper is made from recycled material, and is designed to be carried by cyclists.
- Includes lists of bike shops, bike parking, and other features including recommendation to ride 1m from the curb.
- 7500 copies will be printed, and the map will be revisited and reprinted next year.

The map will be \$2 at bike shops, but distributed free through venues such as Travel Manitoba, BttF, Bike to Work Day, Commuter Challenge, RCM, and other places.

4. Centre for Sustainable Transportation's Cycling GPS Mapping project (Marika Olynyk)

The CST and the City of Winnipeg are undertaking a Cycling GPS Mapping project over the summer months. Small individual GPS units will be handed out to cyclists, and the units will run during their bike trips. Volunteers will have this device for two weeks over the summer. This is also being tested with bike couriers

- Recruitment of volunteers will happen from May to October.
- The information gathered will help solidify priorities for cycling infrastructure.
- Bike to the Future has been identified as a potential partner. Can we put information on our website? (Done. See <http://biketothefuture.org/news/archives/2009/04/19/cycling-gps-mapping-project>.)
- Jackie: Although people bike to work, there are extra trips that people need to take.
- Curt will bring this to the Bike to Work Day committee. There could be a signup table at the breakfast. Connections also have been made with Green Leap Forward and Commuter Challenge coordinator.
- If interested, contact Marika Olynyk at marikaolynyk@gmail.com or 982-1152.

Question: Will two weeks be too long? Answer: this study targets citizens who bike every day as well as those who bike once or twice a week. Two weeks seemed like a good balance.

5. Membership (Rob Cosco)

Rob's written report is attached. The membership renewal campaign is ready to go!

- Membership cards are available from BttF. Email contact@biketothefuture.org if you want to pick yours up. There could also be a table at Bike to Work Day.
- Use membership cards to get 15% off most accessories. Rob has been in contact with most managers, but this information may take a while to get filtered down to workers. So come get your card! Also, each person who buys a bike is supposed to get a free BttF membership card. The only two shops that aren't involved with the 15% are Gooch's and Natural Cycle, because they do business in a different way. Members can still get qualify for their free membership at Gooch's and Natural Cycle.
- If anyone has a special relationship with a bike shop and would like to talk to them about BttF and the work we do, it would be much appreciated.
- We need some more volunteers to call members and remind them to renew their memberships!
- Also, a poster for BttF to be laminated and posted at the bike shops should be designed. Anna Westlund agreed to help out with this.
- Thanks to Rob and Jon Benson for all the work they are doing – this is incredible!

6. Bike Valet at new Bombers Stadium (Ben Goldstein)

This project is inspired from the bike valet at the San Francisco Giants stadium. David Wieser has initiated this project, and Ben has taken this over. He is trying to get funding to hire a coordinator for volunteers, and is working on the logistics of this proposal. If bikes are made a priority, this may have a very positive 'snowball' effect.

- A proposal/contract must be prepared that outlines financial and social commitments, and outlines services provided in exchange for funding
- Ben is asking for help with assessing BttF capacity, assessing specific organizational needs, and finalization of this proposal. Another meeting will be needed for this. If interested, contact solidgoldstein@yahoo.ca .

Some questions about Bike to the Future's role and priorities came up as part of this conversation and they will be addressed at a meeting specifically about the Bike Valet:

- Is this stretching BttF and volunteer capacities too far? Do we have enough time and energy? Are we service providers or enablers?
- Is BttF comfortable accepting a donation from a private donor?

7. Ciclovía (Janice Lukes and Anders Swanson)

There is a committee working towards a Winnipeg version of the Ciclovía. Ciclovías are being started around the world (based on the original one in Bogotá, Colombia), and Winnipeg could be another!

- The Downtown BIZ is supportive and involved with this project. It will be expensive to close streets, but they are moving forward on this idea.
- Tentative dates will be August 30, September 6, and September 13
- If you are interested in getting involved, contact Anders at andersswanson@gmail.com or Janice at jlukes@shaw.ca.

8. Finances (Curt Hull)

- Please see the Financial report (attached).
- Curt would like approval to spend up to \$2000 for Bike to Work Day to hire a person to organize the enlisting of key sponsors to get involved in event promotion and energy station organization. Curt does not want to spend this \$2000, but it will hopefully be returned once sponsorships are gained. This is what happened last year. Currently there is \$4335.37 in our bank account, and no other big financial commitments are looming. This revenue is from the Bike Shorts Film Festival, grants and donations, and memberships. T-shirt revenue should start to roll in! Expenditures include membership in the Manitoba Eco Network and administrative commitments. This was approved.

9. City Committee (Mark Cohoe)

- Please see the City Committee report (attached).
- Any extra thoughts: connect to the Downtown Winnipeg group at the [One Green City website](#).
- Idea: Set up website page where people can send in pictures of bad design.

10. Provincial Committee (Jeremy Hull)

- Please see the Provincial Committee report (attached).

11. Board Vacancy (Jackie Avent)

There are one or two vacancies available on the board, and there have been three people interested in this position. If you or anyone you know is interested, please contact contact@biketothefuture.org.

12. Strategic Planning update (Jackie Avent)

The Bike to the Future Board met on April 7th to discuss organizational priorities for the next year. One of the major issues that came up was succession planning and board turnover. The Board is currently writing 'job descriptions' of our work so that we can take on "apprentices" to help make the transition smoother at the next AGM. Board members are writing job descriptions. See <http://biketothefuture.org/about/2008-strategic-planning-session>.

13. Advocacy Brochure funding (Jackie Avent)

We had asked the Manitoba Eco-Network if they could apply to the Investors Group *Community Projects Fund* on our behalf to receive a grant to print the advocacy brochure. This was brought to the Eco-Network board, and Jeremy Hull will follow up with them.

14. Earth Week Videos (Curt)

Next week is Earth Week, and the Millennium Library has many events planned. See <http://biketothefuture.org/events/archives/2009/03/23/visionary-cycling-videos>. BttF is working with the library to show mini films about cycling action around the world. This will help show what infrastructure is possible.

- Come out and participate in this discussion on Friday April 24th at noon at the Carol Shields Auditorium, second floor in the Millennium Library.
- We also need help to select videos and put together a program. Curt can send a video with links to existing videos.

15. T-shirts (Ben and Karin)

We currently have 128 T-shirts yet to be sold, and we need to make \$1200 to break even. Apparently these and the Bike to Work Day T-shirts are the preferred workout shirt at the Downtown Y.

- If you want to help sell T-shirts, or if you know someone who wants one, see <http://biketothefuture.org/news/archives/2008/11/15/bttf-t-shirts>.
- Discussion: is it possible to buy bulk T-shirts at cost? We must have revenue, but it is good publicity to get more shirts out there.

16. Bike to Work Day (Curt Hull)

The committee is continuing its work to make this a bigger and even better event this year. Two items are pressing: promotion events, and volunteers at energy/counting stations. There will also be a volunteer-celebration for volunteers.

- There is a proposal in to close one lane of Pembina on BtWD.
- Sponsors will be contacted.
- If anyone is interested in getting involved at the planning stages of this event, please email contact@biketothefuture.org.
- Ben will contact the Cycle Gladiator wine representative!

17. Disraeli Rehabilitation update (Brion)

BttF members generally preferred the separated bridge, but overall there was not an overwhelming preference for one particular bridge. Options have been submitted to the design firms, but we don't yet know what the final design will look like. Where we're going from here:

- The consultant's analysis report as part of Collaborative Planning process will be available to working group and design proponents.
- The City will evaluate proposals according to specific criteria
- Expected outcomes will be revealed in late summer or early fall
- Another newsletter will be posted to the Winnipeg.ca to inform the public.

Questions: will social impacts be included in analysis? It seems like this is happening.

18. Spring Bike Counts (Jeremy)

Jeremy is gathering volunteers to sit at "choke points" to count cyclists at specific times. So far, he is missing the Slaw Rebchuk (Salter Street) Bridge, Notre Dame Ave, and other North End locations, in the morning and afternoon. Contact Jeremy at prolog@mts.net if you are interested.

19. Bus Rapid Transit (Gareth Simons)

There will be a follow-up meeting with Winnipeg Transit in response to comments from the Active Transportation Advisory Committee.

- Gareth is wary, because BRT itself has become an obstruction to the incorporation of AT infrastructure. This is problematic, as these could and should be complementary. This was supposed to be a project for AT as well, but it has been very secretive, and AT representatives have not been included.
- We need a plan in place, just in case AT is actually ignored in the new proposal. What are we willing to accept, and what will not be a compromise? It is critical that some vital connections are made.
- If AT is not included, we cannot be nice this time; this is a chance to go to the media and call out the City and its promises. The Rapid Transit Coalition is also ready to go to the media, and it would make sense to collaborate with them.

The next Monthly Meeting is on Tuesday May 12th at 5:30 at the Eco-Centre.

Summary of volunteer opportunities

- Looking for volunteers or groups to bike from Regina to Winnipeg, and camp along the way. This would be as part of a cycling team. Kelly's contacts are info@ManitobaWildlands.org, or (204)944-9593.
- There are one or two vacancies available on the board, and there have been three people interested in this position. If you or anyone you know is interested, please email contact@biketothefuture.org.
- If interested in the Cycling GPS Mapping project with The Centre for Sustainable Transportation, contact Marika Olynyk marikaolynyk@gmail.com or 982-1152.
- If anyone is interested in getting involved at the planning stages of this year's Bike to Work Day event, please email contact@biketothefuture.org.
- If anyone has a special relationship with a bike shop and would like to talk to them about BttF and the work we do, it would be much appreciated. Contact Rob at membership@biketothefuture.org.
- We need some more volunteers to call members and remind them to renew their memberships! Contact Rob at membership@biketothefuture.org.
- Ben is asking for help with a Bike Valet Proposal for the new Bombers stadium. Part of this discussion will include assessing BTTF capacity, assessing specific organizational needs, and finalization of this proposal. Contact Ben at solidgoldstein@yahoo.ca.
- If you want to help sell T-shirts, or if you know someone who wants one, see <http://biketothefuture.org/news/archives/2008/11/15/bttf-t-shirts>.

Membership Committee report – Rob Cosco

After many discussions, I have been able to complete the negotiations with the bike shops, and outstanding issues have been resolved. All but two local shops have come on board with the 15% discount on cycling accessories for all paid BttF members. All shops will be offering the free "Complimentary Membership" to anyone who purchases a bike in their shops for the 2009 cycling season. For next year we will review how this initiative goes over and make decisions about how we will approach 2010. This along with our getting online membership purchase via PayPal set up on our website has now cleared the way for our Membership Drive for 2009. Next year we should be able to start in February and be complete by this time of year.

Our volunteers will begin the telephone contacts of all members that have not renewed their 2008 memberships. This will mean 500 hundred contacts will need to be made over the next couple of weeks. I have developed a comprehensive plan to make this initiative run as smoothly as possible. An email will go out prior to our telephone calls which should help prime unpaid members to renew. We could still use more volunteer help with the calls, please contact me at membership@biketothefuture.org if you are available.

City Committee report – Mark Cohoe

Ikea Rezoning

We submitted a paper in opposition to the Ikea rezoning request. We opposed both the variance in the number of bicycle parking spots and in the design of the private approaches to the store. The zoning went through, with the only change being a requirement to conduct a review of the bicycle parking within two years of the opening date. Winnipeg Trails Association also filed a letter in opposition to the rezoning request. I have since filed an appeal of that decision, asking that bicycle parking be located closer to the entrance, and noting that the widening of Sterling Lyon and Kenaston, and the addition of the new private approaches on these roads will be detrimental to the existing bicycle paths along these roads.

All documents can be viewed through the BttF website, in the publications section (<http://biketothefuture.org/design-for-the-future/bttf-publications>).

At this point, it may be easier to deal with the bicycle parking issue through a direct appeal to Ikea, particularly with respect to the availability of covered bicycle parking and rental of cargo bikes/trailers.

City Planners Bike Parking Presentation

One positive aspect of our submission on the Ikea zoning variance was that I was asked to provide a short presentation to a group of city planners, which took place April 8th (Curt Hull had started the dialog during a public session dealing with the Cycling Map). They are planning to have me come back for a more general presentation on issues related to cycling later in the spring. I will get a discussion going to help with this second presentation.

Upcoming Items

There will be a webinar on sharrows tomorrow at the Eco-Center boardroom. I will try and set up a meeting with the city to discuss last year's implementation of sharrows and bike lanes.

Provincial Committee report – Jeremy Hull

Provincial Active Transportation Advisory Committee

Mark Cohoe and I met with the Energy Minister, Jim Rondeau, on March 23rd regarding the status of the provincial Active Transportation Advisory Committee. What we learned is that the structure and size of the committee is not quite finalized, but that Minister Rondeau wants the committee to be small, probably a maximum ten people. He wants it to be an informal working committee that can provide him with advice about priorities. He sees the scope of the committee as broader than just Active Transportation because he feels that some of the important related issues are really about the transportation system as a whole.

We followed up the meeting with a letter expressing general support for his approach, but we also raised concerns that the focus of the committee should not become too broad, and that it should be a vehicle for information sharing between government and the public. Our letter to him is posted on our web site at

http://biketothefuture.org/attachments/0000/0978/2009-03-31_rondeauletter_atacprovince.pdf
